

SCIENCE EXPO

March 15, 2017, 4—6 p.m.

Space Science

Earth Science & Geology

Weather & Climate

Attend the 12th annual family **SCIENCE EXPO** at the Tahoe Center for Environmental Sciences, Incline Village.

Hands-on science investigations and experiments for children ages 6—12 and their families.

This year's activities focus on **EARTH & SPACE SCIENCE**

including space science, earth systems, geology, weather, climate, and more.

The Science Expo fosters student excitement and interest in science. Come learn with your child!

Come early or stay late for the

CHALLENGER PLANETARIUM SHOW

"Habitat Earth" playing at 3:00, 3:45, 4:30, 5:15, and 6:00 p.m. RSVP for the show at

<http://tinyurl.com/ScienceExpo2017>
