

FLY FISHING AROUND LAKE TAHOE

AUGUST 16, 2012

**NO-HOST BAR AT 5:30
PROGRAM BEGINS 6 PM**

**\$5 DONATION
SUGGESTED**

World-class fly fishing is available all around the greater Tahoe area. The Lake Tahoe Basin has numerous opportunities for fly fishing, but also has a limited season. Join local fishing expert Victor Babbitt to learn about how, where and when to fish in and around Lake Tahoe at a presentation on **Thursday, August 16** at the Tahoe Center for Environmental Sciences building in Incline Village, Nevada.

Victor will discuss many local fishing options and will allow plenty of time for questions and answers. It will be like walking into your local fly shop and getting the skinny on fishing in the area.

On **Saturday, August 18**, join us at the UC Davis Tahoe City Field Station for fly-casting instruction and fly-tying demonstrations. Young, old and families are all welcome.

VICTOR BABBITT

Victor Babbitt is owner/guide of Tahoe Fly Fishing Outfitters, the only full-service fly shop and guide service in the Tahoe Basin. He coordinates ten local guides and fishing/hunting trips throughout the region. He is also a Fish & Game Commissioner in El Dorado County and has been involved with recreational fishing and conservation issues in the area for over 30 years. There are five watersheds within a few hours' drive including the Carson and Walker Rivers where he sends most of his clients. If you have any questions, want directions, or want to learn a secret or two... now is the time. If there is one thing he enjoys, it is talking about fishing!
