

# Your Ideal Canine Companion:

## Selecting a Breed, Gender, & When to Neuter for a Healthy, Full Life

Drs. Benjamin and Lynette Hart of the UC Davis School of Veterinary Medicine will present new information on breed-specific and gender-specific behavioral profiles of dogs most commonly chosen as companions in the mountains including Golden Retrievers, Labrador Retrievers, German Shepherds, Rottweilers, Boxers and Chihuahuas. They will also share important information about timing a spay or neuter procedure to reduce the likelihood of joint disorders and some cancers.
