OUTREACH AND EDUCATION

TERC outreach

In 2007

Part of TERC's mission is education and outreach. During 2007, TERC recorded over 6,900 individual visitor contacts. The majority represented visitors to the Thomas J. Long Foundation Education Center at Incline Vil-

lage. In addition, TERC hosts monthly public lectures, makes presentations to local organizations and takes a limited number of visitors out on our research vessels.

TOTAL NUMBER OF CONTACTS: 6,905
