Seeking Volunteers for Health & Life Sciences Expo!

To all parents and community members interested in sharing science with local youth:

We are currently seeking volunteers for the 2015 Health & Life Sciences Expo to help us on five days (Monday through Friday, March 16 – 20) at eleven different 2 to 2 ½ hour sessions:

- Monday, March 16 / 8:45 - 11:00 am
- Monday, March 16 / 11:00 am - 1:15 pm
- Tuesday, March 17 / 9:15 - 11:30 am
- Tuesday, March 17 / 11:15 am - 1:30 pm
- Wednesday, March 18 / 9:15 - 11:30 am
- Wednesday, March 18 / 11:45 am - 2 pm
- Wednesday, March 18 / 3:45 - 6 pm (public session)
- Thursday, March 19 / 9:15 - 11:30 am
- Thursday, March 19 / 11:30 am - 1:45 pm
- Friday, March 20 / 9:15 - 11:30 am
- Friday, March 20 / 11:30 am - 1:45 pm

This year’s theme is **Health & Life Sciences**!

Activities will focus on health, nutrition, the human body, ecosystems, food webs, life cycles, inheritance, adaptation, biodiversity, and more! Please feel free to sign up for more than one session as we need a number of volunteers. Being a volunteer is fun and easy!

**Training is provided and no science experience is required.** Our training event will be on March 11th at 6:30 p.m. at the Tahoe Center for Environmental Sciences in Incline Village. We are also available to train you for the activity station during the hour leading up to the start time of the event each day or over the phone in advance of the event. Many of the stations require very little training and simply need a facilitator. You will receive activity descriptions with detailed background about the science presented. Volunteers will need to be ready to go at their station prior to the start time indicated and plan a few minutes following the end time to clean up.

The Science Expo could really use your help! It is important that our students have early experiences in science so that they develop curiosity and problem-solving skills that empower them to participate in an increasingly scientific and technological world.
